**BROADSHEET**

For 18 years, DineSmart has continued to have hospitality industry leaders and millions of their diners help fund essential and innovative responses to homelessness across Australia.

We know things are a little different and have been tough for many since the pandemic started. You still have the power to show your customers what you stand for, inviting them to chip in \$2 to help us distribute funds to grassroots homelessness and food relief projects in their local area.

## HOW TO TAKE PART

### IN-VENUE

Together with your staff, invite diners to donate \$2 on top of their bill, and take action against homelessness. For bigger tables, guests can also donate through the QR code on the bill cards.

### DIGITAL PLATFORM

Through your digital menu platform, include a \$2 donation item and invite your customer to chip in to take action against homelessness

### BOTH

You can activate the event both in-venue and through your online orders.
