### **Make your end of year dinner count with DineSmart!**

As we wrap up another year, what better way to celebrate than by giving back to our community? We're proud to be part of StreetSmart's DineSmart campaign, a month-long initiative raising vital funds for local services that help people experiencing homelessness transition into safe, stable housing.

For more than two decades, the hospitality-led initiative has brought together hundreds of restaurants and their diners, raising more than \$12 million for grassroots homelessness and community projects.

Throughout December, a voluntary \$2 donation will be added to your bill. It's a small addition that transforms festive goodwill into life-changing action.

Every \$2 donation helps fund local, grassroots organisations that provide essential services, from housing to mental health support, helping people transition from the streets into secure housing. These services are often the first stop for those facing homelessness, and together we can help ensure that these trusted organisations can continue their invaluable work in our community.
